Rattil – Package Guide

This document is provided to all active subscribers of Rattil. It represents the type of digital content unlocked after a successful in-app subscription purchase.

1. About Rattil
Rattil is a Quran learning application offering structured learning packages. Each package provides a guided approach to Quran recitation and study.

2. Classes & Learning
Live Quran classes are conducted online using secure external platforms. The structure and flow of these classes follow the package details unlocked in the app.

3. What Happens After Payment?
Once payment is successful:

1. The subscription becomes active
2. This package guide is unlocked
3. The Rattil team will contact the user with next steps

Notice
Subscription automatically renews unless auto-renew is turned off at least 24-hours before the end of the current period. Payment will be charged to

your Apple ID account at confirmation of purchase. You can manage or cancel your subscription in your App Store account settings at any time.
